About Us

Venturing successfully in the international apparel industry, VERA APPARELS is a revamped version of BEE Bangladesh Clothing (est. 2010); now a subsidiary of VERA Inc. Our focus lies with providing products, meeting the highest standards of today's consumer lifestyle preferences.

VERA is currently focusing its business activities on sourcing and manufacturing knit, denim, non-denim and other woven apparels, custom made based on both in-house designs and client specifications. We are growing steadily with the introduction of a diverse range of products by evaluating the efficient capacity of the local business environment, as well as the international client expectations. Our strategy is to create and maintain a diverse portfolio of products pacing with the rapid change in textile technology.

We concentrate on quality above all other factors. Our workforce indulges in serving big brands throughout the globe, who engage in buying our products with faith and utmost satisfaction.

Outsourced Factories

VERA also engages in working selectively around a wide range of associate factories across Bangladesh. This is based on keeping international compliances under intense consideration and used as a guideline. We further conduct site visits to ensure the working conditions of the workers and monitor the production process so as they are at par to our own high standards and client specifications, leaving very little space for errors.

Since VERA emphasizes on maintaining product standards with utmost importance, we are geared towards ensuring a smooth, structured and safe, quality-oriented supply chain, with almost zero possibilities to missing a deadline.
